- More than 450 coders deployed globally
- Best shore delivery capabilities
- Clients include mid-size to large hospitals, regional, and national integrated health delivery networks and insurance providers
- Industry reputation for high quality services and client satisfaction
- Medical Records Coding | Clinical Documentation Improvement | HIM Audit and Leadership | Public Health

### Accurate and Reliable Coding Services Customized to Your Needs

Comforce coders have extensive knowledge of clinical documentation, reimbursement methodologies, and deliver outcomes for better health information management and accelerated revenue realization. We provide the right coding service to augment your existing in-house team, help reduce operations backlogs, and provide full-cycle coding solutions.

### When Global Coding Solutions are the Answer

Global coding solutions from Comforce allow our clients to build significant cost savings through longer-term engagement solutions. When throughput and timing is critical, we offer solutions outside of the East Coast time zone and have the scope and scalability to manage your coding needs. Our global coders are screened and subjected to stringent hiring guidelines, including background checks, employment verification,

credential verification, regular HIPAA training, and coding knowledge testing. All HIM work is performed at a dedicated, HIPAA-compliant Comforce location secured by the highest standards for Information Security.

- Our HIM workforce is cross-skilled in inpatient, outpatient, and ED E&Ms (evaluation and management) coding areas
- Majority of coders have one or more certifications including: RHIA, RHIT, CCS, CCS-P, CCA, CPC from AHIMA and AAPC
- All coders are proficient in insurance and government regulatory requirements for coding and billing

### Ensuring Coding Success Through Guidance and Mentorship

The Comforce Coding Academy is dedicated to creating a well-qualified coding workforce trained by AHIMA and AAPC-certified coding instructors through Teaching, Mentoring, and Monitoring (TMM). We help new

coders build their coding skills in specialty areas of inpatient or outpatient coding and place them with healthcare clients to experience coding in a live environment. We stay committed to each coder's success!

### The Comforce Difference

- **Compliance and Quality:** We provide quality audits to verify your coding accuracy and compliance specific to the CMS PPS guidelines
- **Scalable Solutions:** Whatever the size and scope of your project, our scalable delivery model ensures that we can provide resources accordingly
- **Geographic Reach:** With a multi-national reach, we deliver professional, experienced consultants with an extensive understanding of the latest industry standards
- **Certified MBE:** Comforce is a Minority-Owned Business Enterprise (MBE) certified by the National Minority Supplier Development Council (NMSDC)
